Some of the benefits of the IB at Sannarpsgymnasiet

1. Small study groups.
2. Dedicated and experienced teachers.
3. You will be excellent in English.
4. You have time to improve. You are not graded until the final year.
5. Choose the subjects you like most.
6. Meet other students who also want to study academically.
7. Subjects as CAS and TOK will make you develop as a person.

“Nowadays I am studying medicine at the University of Gothenburg and every time I reflect on my years at Sannarp I feel thankful. It was the IB programme which taught me to find a study technique, to organize my daily routine and to appreciate the process of learning. Also, the IB encouraged me to engage in questions which gave me new and useful perspectives. With the IB programme as a foundation my studying became effective and so did development towards my personal goals. I recommend the IB programme to any student who seeks for a challenge, likes to learn and wants to prepare for the future.”
